

Date: 10/25/17

Attendance: Kristy Hart, Luke Schnickel, Linda Murri, Carleen Mortensen

Recording Notes: Julie Naab

Agenda Items Notes and Next Steps

Old Business	NA
New Business	
Diploma stating eDCSD@___. Feedback.	<p>Why did this come up: neighborhood schools asking eDCSD students to meet school specific grad requirements, above and beyond district requirements (ie. specific classes, senior project, etc.)</p> <p>SAC Feedback: SAC attendees said it does not or should not matter as to what the diploma says as far as what school student graduated from.</p>
Participating in neighborhood graduation ceremonies when in Summit?	<p>Tentative Guidelines:</p> <ol style="list-style-type: none"> 1) Must be part of the Base or Summit Program (Primary & Secondary Enrollments with eDCSD) 2) Academically, behaviorally & financially in Good Standing <ul style="list-style-type: none"> -No behavior issues -No outstanding fees or fines -Meet all credit criteria 3) Meet District community service requirements 4) Attend all meetings and rehearsals in regards to graduation (may do this remotely with approval) 5) Must work with Jostens or other designated companies to get matching cap & gown for the associated school 6) Meet school specific graduation ceremony requirements (ie; TRHS & Senior Project) 7) Meet all deadlines for application to graduate (tentative Oct 1) 8) Meet with host Principal or designee, for if applicable.

	<p>Notes/Feedback: SAC members agreed that the above Guidelines seem reasonable and what you would expect for kiddos to meet in order to walk in dual ceremonies.</p> <p>Vote: All in attendance at SAC voted in favor of these guidelines being accepted as long as the other school agree to adopt them or partner with eDCSD on them.</p>
<p>District Budget</p>	<p>SAC was sent budget overview videos in advance: https://www.youtube.com/playlist?list=PLyjVvMhp58lg0a_9VOvdir65z4jxYWM9U</p> <p>New Survey: The survey is very different this year. Rather than asking open-ended questions, this year we have asked SACs to rank seven areas of discretionary spending from 1-7. Obviously, all of these areas are important. But as we know in our own household budget process, sometimes you budget more for a soon-to-go water heater, and sometimes you budget for a more reliable car. Transportation and hot water are both important, and yet we are still able to make decisions about which one to spend more money on. This survey process asks you to make similarly tough decisions about district monies. In addition to this ranking, the survey includes an area for your SAC to offer comments or ask questions regarding the priority process and the budget.</p> <p>Budget priority survey Link</p> <p>Feedback/Notes: SAC parents agreed/stated that it is hard to get teachers from outside DCSD to come to DCSD because of funding of teachers salaries budget wide within the District. Question was asked if salaries affect other areas of a school budget. Kristy Hart explained how and where funds are pulled from, explained impact District wide on per student funding. eDCSD priorities are driven by our student population and student needs.</p> <p>Ranking of spending priorities: Staff and teacher compensation Mental Health Capital needs SBB Technology Transportation Security</p> <p>Vote: All agree on this priority list</p>
<p>Technology and LMS Update</p>	<p>- IC integration- Moodle and Plato have both seen struggles this quarter. Moving forward, district IT is working on these problems.</p>

	<p>Plato Feedback? Getting better?</p> <p>Notes/Feedback: Kristy met with Ted Knight Re: priority of IC issues with Moodle and Plato being able to communicate directly with IC. SAC parent would like to see student classwork located in one location vs. various sources. SAC parents agree that eDCSD parents need training sooner on how/where to find student info on Plato and Moodle.</p>
Parent Engagement	<p>Luke Schnickel: Will work with team and bring some suggestions to the SAC at the next meeting.</p>
Carry In Items From SAC Members	<p>SAC parent suggested having parent teacher conferences at night at eDCSD location.</p>
Carry Over to Next Meeting	<p>Parent Engagement Input.</p>
